

Online Winter School

Registration Information

Registration is **REQUIRED** ahead of the event.

To register, visit the WSU Extension Forestry website, <https://forestry.wsu.edu>, and under the title "Announcements and Events." Then, click on **2021 Online Washington Forest Owners' Winter School**, and follow the instructions.

Additional Opportunities

Would you like a free visit with a forester and/or wildlife biologist? Information about cost-share assistance? Please contact:

Andrew Naughton, Landowner Assistance Forester
WA State Dept. of Natural Resources
Andrew.Naughton@dnr.wa.gov | 509-899-7711

Would you like to be notified about forest-related programs and materials (workshops, field days, demonstrations, webinars, newsletters, etc.)? If so, please contact:

Andy Perleberg, WSU Extension Forester
andyp@wsu.edu | 509-630-4217

Acknowledgements and Accommodations

This program is made possible, in part, by funding support from Washington State University, Island County and WSU Island County Extension, King Conservation District, King County, Lewis County, Pacific County, San Juan County, Skagit County, Stevens County, Snohomish Conservation District, USDA Forest Service, Washington State Department of Natural Resources, and the Renewable Resources Extension Act.

WSU Extension programs and employment are available to all without discrimination. Evidence of noncompliance may be reported through your local WSU Extension office. Reasonable accommodations will be made for persons with disabilities and special needs who contact Brendan Whyte at 425-357-6023 or brenndan.whyte@wsu.edu at least two weeks prior to the event.

Forestry

WASHINGTON STATE UNIVERSITY
EXTENSION

Is it time to “sharpen the saw” of your forestry knowledge?

Do you want to learn new things about caring for, and enjoying, your property? Do you want to learn things like: why so many trees are dying and what to do; how to protect your property from wildfire; agroforestry and nontimber product opportunities; how to improve wildlife habitat; how to successfully plant and care for young trees; and so much more? Do you want to participate in roundtables and discussion panels to get stories and tips from your fellow landowners? If so, this Winter School is for you!

Winter School is the classroom counterpart to our summer field days. It is designed to let you attend multiple workshops on topics of interest to you all in the same day. Winter School will help you address challenges on your property, restore healthy forest conditions, and achieve your goals. Winter School will feature thirty seminars, expert panels, and roundtable discussions specifically for people who own forested property in Washington. There will be both eastern and western Washington sessions.

Whether you are a “novice” to family forestry, or your family has owned land for many generations, there is something new for everyone to learn.

ONLINE WASHINGTON FOREST OWNERS WINTER SCHOOL

Date

Saturday, February 27, 2021
9:00 a.m. – 3:00 p.m. • FREE on Zoom

What to Expect

LIVE SESSIONS

The Online Forest Owners Winter School will consist of five 50-minute sessions, during each of which you can choose from a variety of topics. You will be able to ask questions and interact with instructors and panelists via the chat box. There will be an hour-long break for lunch from 12:00 PM to 1:00 PM.

A final schedule, with Zoom links for each workshop, will be sent out in advance so you can plan which sessions you want to attend live.

RECORDINGS

Can't attend live on February 27th? Register anyway! Registered participants will receive links to the recorded sessions. This will allow you to watch all of the sessions you are interested in, even if they were scheduled for the same time slot. Watch one live and catch the recordings of the others later.

Cost and Registration

Cost — Free!

Pre-registration required

This is a family-friendly event! Youth are encouraged to participate, so tune in with your next generation of forest stewards.

Register online before
5:00 p.m., Friday,
February 26, 2021!
forestry.wsu.edu
